Separately Bound, Detachable Form, for Carrying in the Pocket.

ards; Glen Peters (Colgate), Everhardus (Michigan) andowski (Fordham), full-back.

CE NORTH-SOUTH GAME.

Southeastern Conference met at Knoxville, Tenn., on January 1, 1932, and the gridiron into a sea of mud. In the third period, Wynn accounted

pe (Georgia Tech), left tackle; center; Chambliss (Alabama), Kreuter (Kentucky), right tackle; (Kentucky), left half-back; full-back.

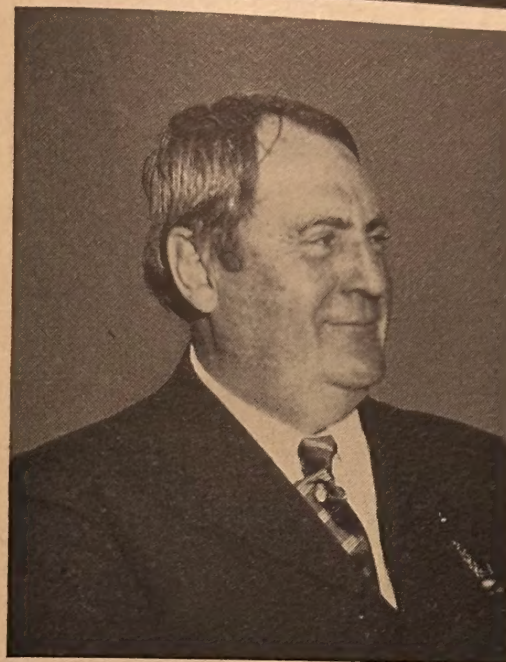

Torrance (Louisiana State), left tackle; Leach (Alabama), right tackle; (Alabama), left half-back; Brown (Georgia Tech), full-back.

CLASSIC.

on event played in Dallas, Texas, at the Rite Hospital for Crystalline, a well known lawyer and foot ball player. The Foot Ball Guide of the year.

e Classic was between an all-star team from the Big Six Conference; that of the fourth game was between the Southwest team and the Dixie Classic game.

Results of Dixie Classic game:
k 14, Southwest 6
n 25, Southwest 12
est 18, Big Ten 0
ary 7, Arkansas 7
ests in 1932 or 1933.

Again the Guide is obliged to chronicle with regret the passing of an outstanding figure in American college foot ball, and the game's foremost historian,

Parke Hill Davis

Through his annual compilations for the Guide, supplemented by seasonal contributions to the daily press, and in recent years on the radio, Parke Davis' name had become almost a synonym for national foot ball statistics and records. His connection with the game as a player on the Princeton team and later his personal contacts with players and executives of the initial stage of college foot ball enabled him to acquire at first hand, with details still fresh in memory, particulars of the formative period of the sport and incidents of early contests. In consequence his mind was a veritable repository of history, legend and records of foot ball.

Mr. Davis was born in Jamestown, N. Y., July 16, 1871, the son of Josiah H. and Susan Hill Davis. He entered Princeton with the class of 1890 and showed his athletic prowess by becoming a member of the varsity tug-of-war team. He was on the foot ball squad the following year and in 1892 became a regular tackle, greatly feared by opponents for his headstrong style of play.

In college he was also a boxer, and once took part in a friendly sparring match with John L. Sullivan, then heavyweight champion of the world. Upon graduation he went to University of Wisconsin and introduced the game to that institution, and in 1894 he returned East and was appointed foot ball coach at Amherst. He often boasted that he studied foot ball with two Presidents, Woodrow Wilson, who coached him at Princeton, and Calvin Coolidge, who consulted him at Amherst, while a student there.

From 1895 to 1897 Mr. Davis was foot ball, track and base ball coach at Lafayette. He was of a studious nature, however, despite his preoccupation with athletics, and having obtained his B.A. degree at Princeton decided after coaching at Amherst and Lafayette to continue his studies abroad. He attended

the University of Leipzig and received his M.A. degree. Upon his return to this country he studied law and was subsequently admitted to the bar.

Nevertheless, foot ball remained his guiding passion. In 1909 he was appointed a member of the foot ball rules committee and served in this capacity until 1915. During his tenure he advocated and promoted the quarter periods in the game, numbers on the players, end zones and the abolition of interlocked interference. He was the author of the articles on foot ball in the *Encyclopaedia Britannica*, the *National Encyclopaedia* and the *International Encyclopaedia*, and of an authoritative history of "Football, the American Intercollegiate Game," besides innumerable reviews of season play and reportorial accounts of leading games.

In 1898 Mr. Davis married Miss Edith Detwiler of Easton, Pa., and made his home in that city. He later became District Attorney of Northampton County, Pa., and subsequently served in various political capacities.

Mr. Davis was a descendant of families distinguished in the Colonial and Revolutionary histories of New England. Among his direct lineal forebears was Dolor Davis, secretary to the first Colonial governor of the Massachusetts Bay Colony, who came from England in 1634; and Paul Davis, who was Washington's interpreter in the first President's dealings with the Seneca Nation and received from him the Badge of Merit at the close of the Revolution.

Mr. George Daley, sports editor of the *New York Herald-Tribune*, paid a tribute to Mr. Davis, as follows:

"Parke Davis was a man of affairs—in the law, in politics, in business and in journalism—but most of all, in foot ball. His love for the game, his excessive enthusiasm bordered on fanaticism. He devoted hours of time and untiring effort to compiling every possible detail which would add to the statistical value of the sport, while nothing escaped him which would lend a picturesque or constructive touch to its history.

"With me he has long been the historian of the game and as such will be remembered. So few men are born with the patience for statistical work, with the close attention to detail required, that Parke Davis will be sadly missed in foot ball and hard to replace. His loss is a heavy one for reasons apart from his happy nature, his amazing loyalties and his enveloping friendships. He gave much in the way of service."

Probably no Princeton man enjoyed a closer friendship with Parke Davis over a long period of years than William H. (Big Bill) Edwards. Mr. Edwards in speaking of his long time friend said:

"It is a difficult thing to say good by to Parke Davis because we were so closely associated in Princeton affairs. In the passing of this highly respected Princetonian, foot ball is without a historian.

"Parke Davis was idolized at Princeton and his memory ever will be treasured, not only at his alma mater but everywhere that foot ball is played. He loved life and had a happy, sunny nature. For many years he represented Princeton on the rules committee and his advice and judgment were sound and respected.

"No one had a more thorough appreciation of the game's background. Over generations of players Parke could point out the successful men in all walks of life, in all professions and show you how their careers on the gridiron helped to bring out those fine qualities which aided them in the battle of life. He was a citizen of the highest type."

Lawrence Perry wrote in the *New York Sun*:

"Walter Camp and Parke Davis represented the storied tradition of foot ball, its background, and all the brave and stirring and honorable things associated therewith.

"Davis's was a figure of consular mold; his visage and mien were those of a jurist. He had sentiment, humor, and every manly quality that endears and compels admiration.

"Dreams and memories are fine things to have. We shall not again see Parke Davis' like—but at least we knew him once and will never forget him."

Before the last weeks of his illness Mr. Davis had completed his annual compilations for the *Foot Ball Guide*—he seemed to sense that they would be his out as a monument to his memory and a tribute to his indefatigable zeal in perpetuating the feature accomplishments in his beloved game.

Surviving besides his wife are a son, John Detwiler Davis, and three daughters, Miss Elizabeth Davis, Mrs. A. Donald Grossett of Scarsdale, N. Y., and Mrs. Thomas Porter Robinson of Exeter, N. H.
